**As a Native American Monitor for the Jose Adobe Park project, I would like to thank the City of Milpitas and especially Michael Boitnott-Asst. Engineer for all your patience and help throughout this project. Amah Mutsun Band also appreciates all you did for the proper treatment and respect that was carried out through the whole project and for future reburials.**

**Respectfully Yours,**

A handwritten signature in black ink, appearing to read "Marvin Marine". The signature is fluid and cursive, with a large, sweeping initial "M".
